

454 Tools & Checklists

Hoja de ruta reduccion necesidad de AB

by Health for Animals

In **Significant Impact Groups:**

\
Species targeted: Pigs;Poultry;Dairy;Beef;Sheep;
Age:

Summary:

This document has been produced by HealthforAnimals, the Global Federation of Veterinary Medicines. HealthforAnimals represents the animal health sector: manufacturers of veterinary medicines, vaccines and other animal health products worldwide, así as well as associations representing companies at national and regional level. The document sets out the principles for the reduction of antibiotic use through prevention, correct and early detection and finally through precise treatment.
